DevOps Modernization Services by Kellton

Driving agility & accelerating Innovation

At Kellton, DevOps is more than a service–it's a mindset. With automation, Azure-native architecture, DevSecOps, and seamless collaboration, we help organizations innovate faster, strengthen resilience, and deliver consistently.

Cyber Maturity Assessment: Assess Azure risk posture, protect reputation, and prioritize security investments.

Secure SDLC: Shift-left security in Azure DevOps to cut vulnerabilities and costs by up to 75%

Next-Gen Threat Management: AI-driven detection, response, and risk mitigation in Azure environments.

Identity & Access Control (ICAM): Enforce zero-trust with precise access governance on Azure.
