

Power Platform by Kellton

Low-Code Transformation by Reimagining apps, automation, and analytics

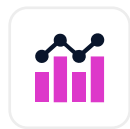

Kellton’s Power Platform services help enterprises modernize applications, automate workflows, and unlock intelligent insights–fueled by Microsoft Azure AI. From app development and process automation to data analytics and governance, our solutions deliver agility, scalability, and measurable impact. Accessible via the Azure Marketplace, our offerings empower businesses to innovate faster, reduce costs, and build a future-ready digital ecosystem.

Intelligent App Development:
Build secure, scalable business apps with Power Apps integrated with Azure APIs and Cognitive Services.

AI-Driven Process Automation:
Leverage Power Automate + Azure Alto to eliminate repetitive tasks and boost operational efficiency.

Unified Data & Insights:
Harness Dataverse and Power BI with Azure Machine Learning for predictive, real-time analytics.

Governance & Adoption Framework:
Ensure secure, compliant, and sustainable low-code adoption with a Center of Excellence (CoE).

Measurable Business Impact

50%

Faster app delivery
Low-code + Azure AI accelerates development cycles and reduces time-to-market

40

Operational cost savings
Process automation streamlines workflows and lowers manual effort

3x

Productivity gains
Empower citizen developers with guided governance and enterprise-grade tools

60%

Reduction in legacy maintenance
Migrate outdated apps to modern, low-code solutions.

2x

improved decision-making
AI-powered dashboards enable real-time, predictive business insights.

100%

Secure and compliant
Frameworks aligned with Microsoft security, identity, and DLP policies.

About Kellton:

Kellton is a Microsoft Solutions Partner in Digital & App Innovation and Data & AI, with 15+ years of expertise in cloud-native transformation. Backed by certified Power Platform specialists and Azure AI experts, we empower organizations to scale low-code adoption, modernize legacy systems, and accelerate business innovation. With our outcome-based delivery model, we ensure faster ROI, reduced TCO, and lasting competitive advantage.
